ALUMNI  
UPDATE

News for Alumni and Friends of the College of Human Ecology

## Dear Alumni and Friends of the College of Human Ecology,

We are happy to report that this past May, the number of Human Ecology alumni grew by 271 Bachelors of Science, 15 Masters of Health Administration, three Masters of Arts, 15 Masters of Science and 34 PhD's.

They are an incredibly talented group of individuals who will now follow in your footsteps, furthering Human Ecology's legacy and making important contributions to communities across the globe. As you receive this update, we will also be welcoming the class of 2011 to the Ithaca campus, a stellar group of young students uniquely prepared to meet the challenges of this century and beyond.

It has been a busy and exciting year at the College, and I would like to take a moment to

thank you all for your generosity of time, money and enthusiasm. Among your many accomplishments, it was a record breaking year for the Human Ecology Annual Fund. More support than ever before, from more people than ever before, was raised for this vital tool that empowers the Dean to dedicate critical resources to the highest priority academic, research and outreach programs for the College. Here's a look at some of the numbers:

### The FY 07 Human Ecology Annual Fund

- raised \$740,213, a 43% increase over last year
- received contributions from 1,613 donors, an 11% increase over last year

- Approximately 1,200 Human Ecology alumni attended 42 events in 17 cities across the country
- The College has raised \$21 million towards its \$70 million goal as part of "Far Above ... The Campaign For Cornell"

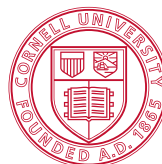

Thanks again for your vote of confidence in the College of Human Ecology! We look forward to seeing you soon.

Warm regards,

*Marybeth Tarzian*
